

CONSENT TO THE PROCESSING OF PERSONAL DATA

The consent is provided to the Company as a personal data administrator (hereinafter referred to as the "Administrator") **for the purposes of the selection procedure for the given job position and for the purposes of registering myself as a potential employee of the Company.** I grant the consent for the period of 1 year from the date of sending such personal data in the event that the tender for the job is not concluded by signing an employment contract. I acknowledge that my consent to the processing of personal data is voluntary and I cannot be sanctioned for it and that I can revoke this consent at any

time in writing by a message delivered to the following email address: to cudrakova(@)unionocel.cz or info(@)unionocel.com, but this is without prejudice to the lawfulness of the processing of my personal data prior to such a revocation. I understand that the processing of personal data will be done by the Company through its electronic systems. I am aware that I have the right to get the information about what kind of my personal data are processed, for what purpose and how the Company processes it as well as the right to access my personal data, their repair or deletion. If I find or believe that the Administrator carries out the processing of my personal data in conflict with the protection of my private and personal life and/or in violation of legal regulations (for example, the Administrator processes my personal data which are inaccurate with regard to the purpose of their processing), I can ask the Administrator for an explanation and/or require that the Administrator removes the resulting situation and provides for remedy (in particular, it may be blocking, repairing, supplementing or disposing of personal data). The provisions of the previous sentence are without prejudice to my right to file a complaint with the Office for Personal Data Protection. I am aware of the fact that as of 25 May 2018 I have – in addition to above mentioned – also the right to limit the processing and transferability of my personal data to other personal data administrator.
